

9/13/21 - September Ministry Update Letter

Dear friends and coworkers of Frontline Ministries, Inc.,

Exciting days are ahead for **Exodus Mandate** and our allied ministries! We want to share with you some banner events from the recent months.

The Spanish translation of *The Promise of Jonadab*: Building a Christian family legacy in a time of cultural decline by Gail and E. Ray Moore **has been completed**, and we hope to publish by November 2021. Worldwide 572 million Spanish speakers have very few books available to help Christian families raise godly children like this one. Over three years ago, it was translated into Mandarin and published in China. We continue to market it through churches there.

In June 2021, the *New American* magazine published a sequel to the successful *Rescuing Our Children* 2019 edition. The new **Save Our Children issue is available now to order in bulk**. Please, see ordering information at the bottom of this message. **You**, our donors and volunteers can be fully engaged to **help us distribute this excellent resource** in your own communities and circles of influence.

Frontline Ministries has hired **a publicist who arranges some 4 to 5 invitations for Ray to be interviewed on conservative or Christian radio/TV talk shows weekly**, reaching tens of thousands with the Exodus Mandate message. The services provided by this publicist are vital for getting the Exodus Mandate message out, but **we need extra funds** to continue paying for this service. Recently, a regular donor sent a much larger gift than usual, and when I called to express our appreciation, he said he had always believed in and supported the ministry of Exodus Mandate, but now that so many cultural and political battles are going badly for Christians and conservatives, "your agenda is the only one that matters." This friend correctly sees the critical need to advance Christian K12 homeschooling and campus schools. Others also see the urgency, the importance of this work. You have supported us in the past. **Can we count on you to continue your support with an increased or doubled amount?** If you haven't given before, can you prayerfully consider it now?

We could be near a tipping point for this educational reform in the next several years. A tipping point describes the moment when an idea, belief, invention or product which has languished in obscurity suddenly explodes in popularity and is adopted by most in the culture. Permanent **Christian K12 homeschooling and campus schools could arrive at 15 to 20% of all education** by the time schools reopen or the pandemic ends. National Black Home Educators (NBHE.net) saw its membership soar from 5,000 families to 35,000 in just one year during the pandemic, and Black homeschoolers now make up 16% of education in the Black community.

We are definitely in a Kairos moment and could see major growth, but only if our supporters and volunteers help us more than before. **Thank you so much for your continued prayers, support and many words of encouragement.** *"I must work the works of Him who sent Me while it is day; the night is coming when no one can work. As long as I am in the world, I am the light of the world."* John 9:4-5

You may send a gift to the address listed below **OR** if you would like to make a donation online, please, visit **www.exodusmandate.org** and give to the general fund. A recurring donation option is available as well. All gifts are tax-deductible. Please, make checks or money orders payable to Frontline Ministries, Inc.

There is a tide in the affairs of men

Which taken on the flood, leads on to fortune.
Omitted, all the voyage of their life
Is bound in shallows and in miseries.
On such a full sea are we now afloat,
And we much take the current when it serves,
Or lose our ventures.

(Wm. Shakespeare, *Julius Caesar* Act IV Scene iii)

In His grip and for His glory,

E. Ray Moore, President
